ABOUT

Hailing from Minneapolis, MN, The Violet Nines are a vibrant outfit with alternative rock sounds fused with funk, pop, and R&B. Known for their live shows and multi-fronted approach (imagine if Foster the People had a female co-lead), the band has created notoriety performing across the bold north. The Violet Nines recently released their Cloud 9 EP this spring, expanding on their elaborate brand of music. Cloud 9 is the culmination of dream-state vibes, over prominent rhythmic grooves, and emotive melodies. Those that experience The Violet Nines will encounter contagious drum beats, sweeping vocals, rousing saxophone and guitar.
